Hope Murphy  
MArch, RIBA Part 2  
Architecture Graduate  
+447557996880  
[hopenurphy95@gmail.com](mailto:hopenurphy95@gmail.com)

## education

University of Dundee (2013-2019)  
MArch Architecture *with Merit*  
Thesis Project: Figure, (ground) in the expanded field: A re-imagining of Shanghai's central Business District. An experimental project focussing on density theory and avant-garde city design.

### BArch Architecture 2:1

Honours work focussed on a discussion of contemporary urbanism and the integration of communities, as well as developing more practical skills through an integrated detailed design project, in addition to other smaller projects.

### Firrhill HS, Edinburgh (2007-2013)

Advanced Highers: AC  
Highers: AAAABB

## publication

Dynamic Stasis (2019)  
Dundee Degree Show 2019: Architecture  
Selected works

### Scotportfolio (2017 & 2019)

An online platform featuring outstanding Scottish Student work. *Featured twice.*

### Level Six Portfolio (2016 & 2019)

Annual Student Magazine produced by Dundee University. *Featured twice.*

*links to the above attached in email*

## technical ability

### Graphics

Adobe Photoshop, Adobe In-design, Hand drawing

### BIM and 3D Modelling

Autodesk AutoCAD, Autodesk Revit, Autodesk 3DS Max, Sketch-Up

### Physical Modelling

Laser Cutting, Woodworking, Hand crafting

## professional experience

### Surface-id (June-Aug 2018 & 2019)

#### Freelance Designer

Responsibilities mostly focussed on creating technical detail and spatial layout drawings for a number of high profile clients, including Brewdog. I was able to design aspects such as stairs and bathrooms and to ensure that furniture layout was appropriate. I was also involved in site surveys and preparing design proposals for outdoor installation events.

### CRGP (Aug 2016 - July 2017)

#### Architectural Assistant (Part 1)

Assistant to an Associate at a medium sized architecture and Quantity Surveying practice. I worked on a range of live projects, gaining valuable experience of the construction process. I was responsible for creating detailed drawing packages and building precise models using Revit, which honed my 3D modelling skills and professionalism simultaneously. I was also responsible for sketch designs for potential projects.

## voluntary

### ADAS (2013-2019)

Association of Dundee Architecture Students

Head of Graphics and Marketing 2019  
Member 2013-2018

### Guest Reviewer (2017)

Critic for younger years mid-reviews

## other experience

### So Television (Jul - Aug 2015)

Promotional Team Member

### YPlan (Jul - Sept 2014)

Street Team Supervisor

### Edinburgh Leisure (2012-13)

Trampoline Coach

## profile

Having recently achieved a Masters in Architecture from Dundee University in Scotland, I am a highly driven and passionate designer, particularly interested in the potential of architecture, and design research, to shape daily lives. This belief has shaped the way I approach all design projects and drives me to ensure all aspects of a project are considered with the user at the heart of the process.

Through my architectural career, both at university and in multiple professional environments, this interest has led me to work on a variety of projects, from mega-dense experimental Chinese live/work infrastructures, to small clusters of detailed dwellings in Scottish cities, and everything in between. This range of project and work environments I have experienced has made me a highly adaptable designer, able to transfer knowledge and skills easily.
